

From Prehistoric Mammoth, Native Americans, Buffalos to the American Farmers

A brief but close look at the thousands of years of Native American history which predated the settler period and the legacies the Natives have left behind. We will examine how our area was eventually settled and by whom. Histories of many of our earliest settler families will be highlighted covering the period between the 1820 and 1821 land lotteries and the start of the Civil War.

Dorothy C. Benson Senior Complex presents

Lecture: **From Prehistoric to the Settler Farmers**

Monday,

2/13/12

1:30 p.m.

Conf. Rms. A&B

Presented by:

Mr. Clarke Otten
